## Sir Francis Younghusband

Sir Francis Younghusband was born on May 31st 1863. He grew up in India and Bath. He became an explorer of mountains and religion, as recorded in several books including a biography, *The Last Imperial Adventurer*. On his return from leading the 1904 British Expedition into Tibet, he was transformed by a spiritual experience.

A major theme of his life became friendship among people from different faith traditions.

In 1936 he founded the World Congress of Faiths to help all become aware of the universal connectedness he experienced.

In the words of the Younghusband prayer:  
*"May the spirit of fellowship quicken within us and abound among all people"*

## WHAT IS WCF?

The World Congress of Faiths is a community of individuals of many traditions. We arrange conferences, retreats and group travel. We learn how others think, pray and meditate.

Our Journal, *Interreligious Insight*, and our newsletter, *One Family*, express our interfaith witness.

The Interfaith Network (IFN) of Britain was partly inspired by WCF. Beyond tolerance, we encourage multifaith respect and friendship.

*"Many Faiths – A Common Trust"*
